### **Be a learner who teaches and a teacher who learns!**

Short, focused informative PowerPoint or video stories can help people quickly learn new ideas. Convert poster exhibits to a YouTube video format and help others learn new ideas. Use style to tell a story with substance. Useful ideas about foods that prevent problems are in "Morgan County Menus" and Evelyn Tribble's book at the County Library. Cash awards for videos will be based on BOTH the substance of clear informative facts and the style of presenting those interesting facts.
